Education

2019-2025

MALOLOS MARINE FISHERIES SCHOOL AND LABORATORY

“I studied under the STEM strand, where I built skills in math, science, research, and basic programming. This experience strengthened my problem-solving abilities and helped me develop an interest in technology and system development.”

2025-PRESENT

PHINMA ARAULLO UNIVERSITY

During college I took an Information Technology course where I learned programming (Python, JavaScript), web development (HTML/CSS), basic networking, and database fundamentals. I completed hands-on projects such as a store inventory system and small web pages, which strengthened my problem-solving and system-design skills.
